POST-WINTER DANCE GAY AND COLORFUL

All Dancers Presented With Caps and Confetti

The Post-Winter Prom, sponsored by the Senior Class, was staged at Clemson in the big gymnasium last Friday evening when the Tigers felt in line to the splendid jazz furnished by the Carolina Buccaneers. The Post-Winter Prom this year was undoubtedly one of the best dances that have been given at Clemson this year. Some of the fairest of the Southland were there, for there were girls galore, dressed in all colors of the rainbow.

The big gym was very attractively decorated in a red and white color scheme which was not overly elaborate, but very effective. Overhead streamers were hung in five low arcs, these streamers being continued down along the walls to the floor. Four large lights shaded in red and white were hung below the streamers with smaller lights of the same shade above them. As a finishing touch palms served as an embellishment around the orchestra.

During the course of the dance there were five no-break dances; these were beautiful waltzes danced while the lights were low, adding much romance and enjoyment to the dance.

The Buccaneers proved to be plenty good and hot, offering a varied and excellent program. Everyone present was zealous in their praise of the orchestra and the music it furnished. It is to be hoped they will return for another engagement in the near future.

The following girls attended the dance as guests of cadets: Miss Jean Ingram of Anniston, Ala., with Cadet Harold Mayer; Miss Mary Caldwell of Augusta, with Cadet Frank Gaines; Miss Grace Harrison with Cadet R. M. Hall; Miss Helen Robinson of Easley, with Cadet W. A. Seybt; Miss Wallace Anthony of Greenville, with Cadet "Ratty" Davidson; Miss Jenrose Pressley of Abbeville, with Cadet "Son" Pitts; Miss Frances Getzer of Augusta, with Cadet "Whit" Jones; Miss Mary Ellison of Augusta, with Cadet Jimmy Dyess; Miss Margie Leverette of Anderson, with Cadet George Speed; Miss Sarah Lou Dunlap of Anderson, with Cadet S. B. Harper; Miss "Net" McHugh of the campus with Cadet Charlie Lewis; Miss Frances Wilson of Anderson, with Cadet "Bob" Jones; Miss Anne Sylvester of Augusta, with Cadet John Cohen; Miss "Scotty" Johnston of Charlotte, with Cadet Lonnie Reese; Miss "Dot" Cannon of Spartanburg with Cadet Hamish Turner; Miss Betty Hill of Augusta, with Cadet "Ed" Mulherin; Miss "Lib" Simms of Spartanburg with Cadet Jim Welch; Miss Helen Thomas of Rock Hill with Cadet "Strawberry" Youngblood; Miss Emily Lowner of Cornelia, Ga. with Cadet B. V. Cornwall; Miss Dolly Hargis of Atlanta, with Cadet H. L. Jackson; Miss Hattie Miller of Laurens, with Cadet "Goat" McMillan; Miss Emilie Bach of Brenau College, with Cadet J. A. Keith; Miss Helen Marrow of Brenau College with Cadet J. H. Justus; Miss Margie Phillips of Columbia with Cadet Charlie Jackson; Miss Claire Thornton of Hartwell, Ga., with Cadet Joe McLeskey; Miss "Jo" Thornton of Hartwell, Ga., with Cadet Odell

(Continued on page 5)

RAIN HINDERS PRELIM. SPRING INSPECTION

Though Unable to Parade, Cadets Make Good Impression

The annual preliminary spring inspection of the corps of cadets here was held on February 26 and 27 by Major Duvall. This is the first inspection that has been held under the regime of the new commandant, Colonel F. L. Munson.

Unfortunately, however, the corps was handicapped by the inclement weather which prevented the giving of any of the parades and reviews that had been previously planned and looked forward to. Nevertheless, not to be out done, the cadets offset the odds in an admirable manner with spotless rooms, military bearing and appearances, and correct saluting. The consensus of opinion of the corps expressed regret that the parades could not be given, for the corps was intending to show Colonel Munson what the Clemson corps actually does look like when it swings into action.

But the inexorable fate decreed otherwise, and the corps had to be content with a proficient acquittal of itself in the various lines minus that of the parade. The impression made was excellent, and Clemson is expected to rank among the foremost R. O. T. C. units of the nation.

FORMER CLEMSON BOY AIR CORPS OFFICER

C. Weston Goode, a former Clemson college student, on last Monday received his commission as second lieutenant in the United States air corps at the Advanced Flying School at Kelly Field, San Antonio, Texas. Lieutenant Goode, who is 23 years of age, is the son of the Rev. and Mrs. John K. Goode, Salem, Va. The young aviator entered training at the primary flying school at Brooks Field, San Antonio, on March 1, 1928. Completing the course there, he was advanced to the school at Kelly Field, November 1, where he specialized in pursuit plane work. Beside his commission, Lieutenant Goode becomes a qualified army pilot and holds a transport commercial license. He will be stationed at Langley Field, Virginia, for the ensuing year.

WOMAN'S CLUB TO GIVE POTTERY EXHIBIT

The Woman's Club of Clemson College will present an exhibit of American Pottery at the "Y", Monday, March 11th from 3 to 6 P. M. This exhibit will include pottery from Doull, New York; College of Mines, North Dakota; Rookwood, Cincinnati; Overbeck, Indiana; Southern Mountain, Indiana; Pueblos; Pewabic, Detroit; Van Briggles, Colorado Springs; Teco, Illinois; Omar Khayan, North Carolina, and many others.

An invitation is extended to all.

SIX SENIORS OFFERED JOBS WITH SOU. BELL

Representatives Pick Callaham, Anderson, Martin, Poe, McLeod and Sander

Each year a number of the graduating electrical seniors are offered positions with the Southern Bell Telephone Company. This offer is made to a senior only after representatives of the company have assured themselves that the student is outstanding in personality and integrity; therefore, it is no small honor to be one of the number selected.

The men offered positions this year are: J. F. Callaham, C. R. Martin, L. Anderson, H. D. Poe, J. B. McLeod, and L. F. Sander. Callaham, Martin, Anderson and Poe will have their headquarters in Atlanta, while McLeod and Sander go to the Philadelphia, Pa. division.

HOOVER THIRTY-FIRST PRESIDENT OF U. S.

All eyes were focused on our national capital Monday when Herbert Hoover and Charles Curtis took over the reins of our government. Although weather conditions were unfavorable, thousands poured into Washington for the occasion. A number of prominent South Carolinians were present among them being Governor John G. Richards.

Plans for the actual inauguration were simple but impressive. The Senate chamber, where Curtis was sworn in as vice-president, was opened at 11 o'clock. Former Vice president Dawes administered the oath to Senator Curtis, after which he made his farewell address.

At the conclusion of the ceremonies in the Senate, Coolidge and Hoover were escorted to the President's room, where Coolidge attended to last minute business. From there they were escorted to the inaugural stand on the plaza of the Capitol. There William Howard Taft, chief justice of the United States, performed a brief ceremony and Herbert Hoover became the thirty-first chief executive of the United States. After delivering his inaugural address he returned to the White House as its master.

A very attractive parade was part of the day's celebration. A procession which required two hours to pass and included approximately 10,000 persons participated in the affair. Upwards of one hundred airplanes and the dirigible Los Angeles were aloft in celebrating the occasion.

Now that the inauguration is history, the nation will watch with interest the new phases of political activity that will develop. Hoover is rather different from Coolidge in his personal outlook on things economic and political; in fundamental political principles this administration will be very similar to the last. After all, far more depends upon Congress than upon the chief executive. Hoover and Curtis are both self-made men and are born leaders. The question left in the minds of thousands is what they can accomplish with a first-class business imagination and with a first-class driving management.

TALK PRESENTED BY G. E. REPRESENTATIVE

Progress in Electrical Engineering

On the night of February 26, Mr. John Liston, of the General Electric Publicity Department, Schenectady, N. Y. gave an interesting illustrated talk to the electrical Juniors and Seniors. Mr. Liston is sent out each year by his company to show and explain to college men some of the present day inventions and problems of electricity, and to interest graduating men in his company.

The subject of his lecture was "The Recent Developments and Progress in Electrical Engineering". Mr. Liston is well informed on this subject, having just recently written an important publication on it. The electrical profession, which is the newest and has probably the largest field of opportunity of any other he explained in a very interesting and entertaining manner. He gave detailed descriptions, made more realistic by a number of slide illustrations, of some of the more unusual and important developments.

Talks such as these, made by men who are in the profession and have first hand knowledge of their subjects, give the students who are on the verge of going out into the world of endeavor a real appreciation of the things they are up against, and are therefore of great interest and importance to them.

TIGERS UPSET DOPE AND WHIP GA. TECH.

Clemson Cagers Rally in Second Half to Down Tech's Chances

Clemson College cagemen went to the highest heights last Friday night when they staged a wonderful second half rally and defeated the favored Georgia Tech Yellow Jackets by a score of 30 to 26, in the first day's work of the Southern Conference basketball tourney at Atlanta. Prior to this defeat the Techmen were chosen by many as probable champions. However, the offensive work of Thomas, the diminutive Tiger forward, with the unfailing support of his team mates proved that the power of the Codymen had been grossly underestimated.

At the close of the first period the Georgians were leading 20 to 14, but the loss of Hudson, Tech center, and the determined spirit of the Tigers were utilized to turn the tide. In the estimation of the Atlanta fans and papers the Clemsonites outplayed and outfought the Jackets in every phase of the game.

The lineup:

Clemson 30)	Pos.	Ga. Tech (26)
Odell (2)	F.	Heeke (0)
Thomas (10)	F.	Wilson (4)
Hewitt (2)	F.	Coker (8)
Crain (8)	C.	Hudson (8)
Lester (6)	G.	Wages (7)
Jones (2)	G.	Marée (0)
Referee—Thorpe.		

LECTURES ON PAVING GIVEN CIVIL STUDENTS

W. F. Barker Presents Lectures on Modern Methods

A short course covering design and construction of concrete pavements was held here on Monday and Tuesday evenings. The course was conducted by Mr. W. E. Barker, of Chicago, in the assembly hall on the third floor of Riggs hall. Sessions began at 7 o'clock and were continued for approximately three hours.

Monday evening was devoted to the discussion of the design of pavement, taking up width, thickness, expansion and contraction, crowns, sidewalks coloring, etc.

On Tuesday the period was divided to construction and maintenance of pavements. There was a discussion of materials mixing, reinforcing, finishing, tests, patching, etc., also.

Arrangements for this course were made by Prof. E. L. Clarke, of the civil engineering division, who extended an invitation to every one interested in concrete paving to attend the meetings. No charge was made for the course. The meetings were well attended by students and others who were interested in this line of work, particularly those taking courses in civil engineering.

NEW PASTOR FOR BAPTISTS HERE SOON

Rev. John K. Goode, who is at present residing as pastor of the Salem Baptist church of Salem, Va., will arrive at Clemson College soon to fill the vacancy left by Rev. Mr. Bryant. The new pastor will take up his duties April the first. Mr. Goode is formerly of Columbia, S. C. and therefore will not be a stranger to a great many of the cadets.

N. C. STATE WOLF PACK SHATTERS TIGER HOPES

In Second Day of Tournament Clemson Loses to N. C. State

Clemson championship hopes vanished when the Yellow Peril met defeat at the hands of the powerful North Carolina State Wolfpack in the second day of the S. I. C. cage tournament. The 31 to 28 victory was largely due to the excessive fouling of the Tigers in their attempt to control Goodwin, the powerful Tar Heel center.

Thomas and Crain again led the Tiger offense, while Johnson, the fleet Wolfpack guard, led his team in scoring.

Lineup:

Clemson (28)	Pos.	N. C. State (31)
Odell (4)	F.	Young (8)
Hewitt (3)	F.	Macon (0)
Thomas (9)	F.	Haar (4)
Crain (7)	C.	Wright (0)
Woodruff (0)	C.	Goodwin (9)
Lester (4)	G.	Johnson (10)
Jones (1)	G.	Warren (9)
Referee—Sutton.

EDITORIAL

It is to be seriously questioned whether any advantage offered by college life is of greater value than the opportunity it affords to learn how to get along with one's associates. Of all arts the most difficult is the "fine art of living with folks", but it is far and away the most important of all arts. A large part of the satisfaction of living has its source in knowing how to get along with people, getting on in life depends almost entirely on the acquirement of this art. If we would save ourselves from much of life's wear and tear, if we would reduce friction to the end that energy may count for most in actually doing life's tasks, this matter is of first importance.

Here in college we have a miniature world, made up of all sorts of folks. Here in the class room, the machine shop, the barracks, on the parade ground, the athletic field, and the farm, the discerning student has thrust upon him the challenge to learn how to live in subjection to those in authority. On the campus, in our rooms and in the "Y", in the daily and hourly give and take, he has the chance to learn the art of living with his fellows on the plane of equality of position and privilege. And, the man who does not learn here is going, to say the least, start life out in a world of dead handicapped by his inability to deal with men unhindered by fret and strain. A man may learn all there is in books; he may acquire facility in doing things by actually doing them, but he will suffer well-nigh irreparable loss if he fails to learn how to live with his fellows without eternally rubbing them the wrong way.

Some of us are likely to miss altogether this much needed lesson in spite of all our opportunity. We need first of all to remember that down under the surface "folks are folks". That means that we are "all tarred with the same stick", that we are descended from one father, belong to the same family, and that in us all Adam still lives. This is not simply true as it applies to the man from north of Mason and Dixon's line, and the man from the South, but it means that "Wops", "Chinks", and "Dagoes" under the thin veneer laid on by Age-long conventions and traditions, are just as human as we are. They respond to the same emotions, are moved by much the same motives, and react to the same treatment, good or ill, in the same fashion. It is high praise to say of a man that he is intensely human and that he has the human touch. A man of that sort is to be congratulated. Such a gift comes of understanding ones fellows. To do that we need only to thoroughly understand ourselves.

Another thing we forget, sometimes refuse to believe, is that the surest way to get is by giving. This is not exactly recommended as a good rule for our athletic teams, and yet, properly defined it is a good rule for them. The measure of fairness and manly courtesy that they accord to their opponents will be the measure in which they shall receive. The Golden Rule made vital, clothed in flesh and blood, is the most unconquerable

thing in all the earth. It overcomes by yielding. It disarms and subdues. It wins its way where all else would fail. Utter selfishness always defeats itself, and this it does, in part, by setting all others at war with us.

We commend this course in the art of living with others to the consideration of all our fellows. It is not a course we have thought of as belonging to the curriculum. It is a course some are taking unconsciously—many only to flunk egregiously—but all would be profited by taking it thoughtfully, seriously, and purposefully.

CLEMSON GIRL SCOUT WINS FIRST PLACE

A contest was sponsored by the committee of N. S. D. A. R. and Betty Marshall of Troop 1, Clemson College, won the first place in the local and state entries with her essay on "What Constitutes a Good Homemaker". Dorothy Chambers won second place in the local competition, Clyde Crawford third place and Margaret McCollum was given an honorable mention.

The three patrols of Troop 1 are now competing in making portfolios which are to contain the plans for a home and the furnishings for the same.

THE MELTING POT

GATORS FORSWEAR COLLEGIATE CLOTHES

Anyone believing that all college students wear wide-bottomed trousers, patent leather shoes and other "collegiate" clothes, need only to visit the campus of the University of Florida, according to a late Associate Press report.

A visitor will be more likely to find a group of serious young men in overalls, the report states. We gather that the students dress neatly and well when occasion demands it, but the average boy, at the University, is too busy to be bothered by the extreme niceties of dress.

Now we may not understand his meaning of "extreme niceties," or we may not be acquainted with his use of "occasions", but it seems that there might be found at the University an acute epidemic of laziness also.

ness also.

GA. TECH WINDOW HAS UNIQUE DESIGN

In the New York Times of December 16 there appeared an article describing a huge stained-glass window symbolizing engineering to be given by the student body of Georgia Tech. to their alma mater. This window is to be placed in the new dining room of that institution.

This is one of the greatest existing achievements of the art of glass designing and it tells graphically the history of engineering in the past, its position at the present, and its possibilities in the future. Twenty feet high and fourteen wide, it will shed light throughout the greater part of the room and will be a constant reminder of the ideals of the school.

In addition to the three figures symbolizing the progress of engineering, the window will contain eleven other figures denoting phases of modern industry associated with engineering progress—textiles, commerce, architecture, engineering, chemistry, ceramics, and science. Besides these figures, the design bears the seal of the institution, the seal of Georgia, the school monogram, emblems of the Greek-letter

fraternities at Georgia Tech, and symbols of the Army, Navy, literature, and athletics.

The process of the making of this testimonial was very elaborate and it should stand as a lasting monument to the love that the student body of Georgia Tech bears her.—The Cadet (V. M. I.).

GET YOUR SLEEP

Authorities at Stephens College, Columbia, Mo., require 600 co-eds to take an afternoon siesta every day. The nap has an appreciable effect on the scholastic standing of the co-eds, according to authorities of the college.—entucky Kernel.

We wonder if the scholastic standings at Clemson would not warrant such an experiment among boys.

Horse-Shoes, Horses

The Tulane Hullabaloo states that the college cut-ups have gone crazy over horseshoes. The horseshoe is made of rubber, and the peg at which it is pitched can be set harmlessly in any hallway, so the game goes on through rainy days and dark nights.

At Clemson the game that is taking the campus is horses. For those that have not yet learned this unique game, the best authority as well as coach, is a member of the chemistry department. Inquire, he will be glad to assist.

Modest Cadets

An editorial in a recent issue of the "Bull Dog" made the assertion that no other institution of learning in the United States possesses college spirit to the degree found at The Citadel.—The Va. Tech.

We fear that Clemson men can not agree with this.

VESPER SERVICE

Professor Burton of Seneca was the speaker at the regular Vesper Service Sunday night. He opened his talk with the following words taken from St. Matthew: "He that endureth to the end shall at last be saved". Professor Burton enumerated three reasons why we should not become discouraged in life. The first of these was that the temptations of life that we meet up with are not sent to us as individuals. God has not singled us out but has subjected us all to these numerous temptations. Moses was tempted for more than forty years but he had faith in God and came out somewhat successful in the end.

The second reason was that we live only one day at a time. If we should see all the obstacles that are in store for us we should more than likely be ready to give up. If sorrows happened all at once we would be crushed.

The third reason was that every time one overcomes a temptation he is made the stronger to meet the next temptation. Professor Burton concluded with the words, "Lo, I am with you always, even unto the end of the earth." God is with us always to give us help and comfort when we are in need of them.

There are three kinds of people in the world — the WILLS the WONTS and the CANTS. The first accomplish everything, the second oppose everything, and the third fail in everything.

Y. M. C. A. OFFICERS

Immediately following Vesper Service on Sunday evening, March 3rd, the annual election of new Y. M. C. A. officers was held. Nominations were made for a President, Vice-president, and Recording Secretary from the active members of the "Y." The results of the nominations resulted as follows: President, L. O. Clayton; Vice-president, J. S. Carpenter; and Recording Secretary, D. C. Hudgens.

The young men who were elected have already proved to be competent and to have the ability to fill their respective positions. They have been active members of the "Y" since the time that they began their college career at Clemson, and they fully understand the responsibilities and duties of their work. Wise judgment was shown in the selection of these men to carry on the program given by the "Y" for the benefit of the campus people and cadets. Let us all cooperate and make this work grow.

There are no failures!

Each reverse wemet along life's road,

Is only a stepping-stone

That bears us onward and upward under our load.

COUNTRY'S GREATEST NEED IS GOOD WILL

Asked recently by a leading newspaper of the country for his opinion as to the best opportunities now open to America for advancement of the interests of the country along lines most beneficial to the people as a whole as well as the improvement of international relations, Mr. Edward Bok, well known publicist and peace opponent, said:

"I cannot imagine a greater advance for the American people than to become more internationally minded, and focus their thoughts on an improvement of present in-

ternational relations. We have recently taken one or two steps forward in this respect, but much still remains to be done for the acquirement of world peace, and it would indeed be a red-letter event if the American people would decide to take the thought of Christ of "Peace on earth and good will to men" and apply it to our relations with the rest of the world.

"It's no use to grumble and complain; It's just as cheap and easy to rejoice. When God sorts out the weather and sends rain—Why, rain's my choice."

GET GOING

Two New York commuters of the richer sort got on the train for their Long Island homes. They scorned the front cars. They didn't want to mix and mingle with the "hoi poloi". Getting themselves comfortably ensconced in their chairs, they began to read their papers. Presently a trainman came through the car and roughly commanded, "Get out of this car into the car forward." The commuters lifted their eyebrows and eyed the man with utter scorn while they icily replied, "We will not!" This was repeated again with just a bit more iciness and scorn on the part of the commuters. After a few moments, past past the time when the train should have been pulling out, the trainman stuck his head in the door and repeated his command the third time. Again the curt retort. Whereupon the trainman shouted back, "Well, stay here then. This car ain't hooked to nothing and it ain't goin' nowhere."

Too many of us are like the commuters. We are comfortably at ease in a car that "ain't hooked to nothing" nor "going anywhere." We are simply lolling around in the hopes that the crowd we are with is hooked to something and will take us along. For our lives often we have no set purpose, no vital dynamic urge drive us onward. John Wesley the great Founder of Methodism, was so fired with the desire to be going somewhere that he rose every morning at four to be at the task. He got going and he kept going and he GOT somewhere. Are we tied to anything. Are we really going somewhere? And what is that "somewhere" we are headed for? If our purpose is just to finish out our time at college and go back to a life of no improvement, no mental or spiritual stimulus, no growth of mind or soul, then after all we are hooked to nothing and we are NOT going anywhere. Ideals of Growth and Service are held out before us daily in college. Let's get our hearts hooked to one of them and let's GET GOING!

WANT AD in the Hood River, Oregon News: WANTED—Reliable orchard man for steady job. Don't have more than two children if you can help it.

HI-Y CLUB MEETS AGAIN

The Hi-Y Club of the Calhoun-Clemson High School held its second meeting Saturday, March 2nd. Three of the officers were present. They were Keller, Hutchinson, and Eaton. This meeting was confined strictly to business, such as discussing plans for the admission of new members and the outlining of a constitution. It was decided to have the constitution completed by next Saturday, and also an outline program of the coming year's work. On Saturday, March 16, six new

members are to be received into the club. The reason for receiving only six members is to have these men trained in Hi Y work before the club is opened to the whole school. The meeting then adjourned until the next Saturday, this being the day for the meetings until other plans can be arranged.

"Times is terrible," said Uncle Alf, "here I spent two years learning to read, and now comes those durn talkin' pitchers and it ain't necessary."

This Smoke Aids Artist To Nab Ideas

Independence, Mo.
June 24, 1928.

Larus & Brother Co.,
Richmond, Va.

Dear Sirs:

Perhaps you would like to know in just a word or so how I am in partners with Edgeworth in a business way.

By profession I am a cartoonist, who you probably know is called upon to create new ideas. While this is ranked as the hardest part of the profession, I have proved it may easily be mastered, if a person will but recline in any easy chair, light a pipe, and live with imaginative persons in the aromatic smoke clouds that will soon fill the room. Edgeworth has given me more ideas than any other brand of tobacco, so I "married" my pipe to it quite a while ago. The result has been wonderful. The more you use Edgeworth, the more you crave it—not as a drug, but as a wholesome pleasure.

Complimenting the standard quality (which means more than the words signify) of Edgeworth, I am a devoted and profound user.

Yours very respectfully,
James W. Bright

Delicious and Refreshing

PAUSE AND REFRESH YOURSELF

OF COURSE IT'S NO FAIR PLAYING THE PROCTOR AND SPYING OUT SUCH A DELICATE SITUATION AS THIS. BUT THEN, WE'RE NO PROCTOR. AND WE CAN RESIST ANYTHING BUT TEMPTATION.

All of which goes to prove (if we may be excused for saying so) that the pause that refreshes is the sanest temptation which millions ever succumbed to. And to these same millions the pause that refreshes has come to mean an ice-cold Coca-Cola. Its tingling, delicious taste and cool after-sense of refreshment have proved that a little minute is long enough for a big rest any time.

The Coca-Cola Co., Atlanta, Ga.

OVER 8 MILLION A DAY

YOU CAN'T BEAT THE PAUSE THAT REFRESHES

IT HAD TO BE GOOD TO GET WHERE IT IS

Jay Adams—How about a date for Friday night?

Goofy—Sho, if you will bring a boy for my gal friend.

Jay pointing to Prof. Tate's chariot—There they are. Take your choice.

Goofy (looking at Hog Player)—I will take that handsome boy sitting on the back of the car.

Goofy (seeing Pinckney Cobb) No, on second thought I'll take the SARG, the one with the John Brown belt on.

The Paul Revere of Petters

Alice—Do you believe Elsie is deceitful?

May—I'll say so! She's the sort who kisses her best friend and then spreads a report of halitosis.

Goofy Geddings—Is Dr. Taylor very old?

Goofy Graves—Must be. He said he once gave Shakespeare courses.

Sign in Cemetery: "Persons are prohibited from picking flowers from any but their own graves."

Book Salesman—Pardon me, Sir, but can I interest you in a copy of our book, "Tobacco Habit Cured in Thirty Days"?

Henpeck—No, but I'll call my wife.

Biggs—How does your Mother-in-law stand the heat?

Jiggs—I don't know; she's only been dead two days.

Cholly—Let's go in here, sweets, they have red hot mushrooms.

Molly—Aw, we might as well go home. Mom'll let us have the parlor.

"I don't mind the licking," sobbed the little girl, "but I thought it was cowardly to do it behind my back."

Telephone operators should work eight hours and sleep eight hours—but not the same eight hours.

He—Do you really think there is danger in kissing?

She—Wait till I go listen and see if papa is asleep or not.

One in Favor of the Women

It is said that the reason for woman's being created after man is because the second edition is usually more correct.

Oh, for the Life of a Milkman

Trollie Lollie says it was very hard for Paul Revere to complete his ride because he passed lots of houses where they'd forgotten to pull down the shades.

Optimistic

The sad-looking man stopped at the lunch-counter and said: "Five ham sandwiches, please."

"Will you eat them here or take them away?" asked the counter man. "I hope to do both," was the reply.

Flora—She makes the fourth girl to return Jack's diamond.

Dan—That must be one of those rolling stones that gather no moss.

Still working for the same people? Sure—wife and four kids.

Signs of the Times

Conductor—Can you see the sign 'No Smoking'?

Sailor—Sure, Mate, that's plain enough. But there are so many dippy signs here. One says 'Wear Brown's Corsets'. So I ain't payin' no attention to any of them.

(Joke With a Point)

Patron—Say, there is a needle in my soup.

Waiter—Typographical error, sir. Should be noodle.

"Pap" Timmerman was showing a picture of his "broad".

Huh, I thought you said she was good lookin'!

"Well, she is," admitted "Pap". "But you see, she's sitting down in this picture."

Women will never be happy until they can be bald headed too.

Dances 'N' Everything Up-to-Date DANCE

From 9 till 12 P. M.

Cheswell Hall Westminister, S. C. Funeral Directors. Prompt Ambulance service

There's the Rub

Caller—Look here, I want to see you about this paragraph announcing my resignation from the Chamber of Commerce.

Editor—But it's quite true, isn't it?

Caller—Quite. But I should like you to explain why you've printed it under 'Public Improvements'!

Fiddler—The leading lady seems to have a break in her enunciation this evening.

Orchestra Leader—Say, you keep your eyes on your music.

Smoking 'Em Out?

Two small boys, staring in a barber shop window of London, earnestly looked on as the barber went over his customer's hair with a singeing torch.

"Blymeyer, Bill" one of the ejaculated, "he's looking for 'em wiv a light!"

"Well, in conclusion," said "Stit" Wilson in his address, "here's to the ladies—God dress 'em."

Hubby—I miss the old cuspidor since it's gone.

Wife—You missed it before—that is why it's gone.

Force of Habit

Lucy sure is a nice girl.

Yeh, so nice that when she dreams of auto rides she walks in her sleep.

Scotch Birthday Card: "Birthday greetings, lassie, Merry Christmas too; Happy New Year; Easter gladness—All; I speed to you. Incidentally, 'Twould be fine if you'd be my valentine."

Call the Bouncer

It was a lecture about the modern women—by one of them.

"Do you know," she cried to her audience, "that our present style of sensible clothing has reduced accidents on trains, buses and by at least 50 percent!"

She paused to let this sink in, when a male voice from the rear boomed forth—

"But why not do away with accidents altogether?"

Mistress (to new maid)—Nora, you don't seem to know about finger bowls. Didn't they have them where you worked last?

Nora—No, ma'm; they mostly washed themselves afore they came to the table.

The honey-moon is over when the mother-in-law comes to stay for a month.

CAMPUS NOTES

Of wide interest are the wedding plans of Miss Margaret Sadler and Mr. A. B. Bryan. Many lovely parties have been given this popular young couple. Thursday evening of last week Miss Sadler and Mr. Bryan were honor guests at a dinner party given by Dr. and Mrs. E. W. Sikes. A lovely yellow color scheme was carried out in decorations of jonquills and other flowers. The central decoration of the table was formed by a plateau of jonquills. Twelve were present to enjoy the hospitality of Dr. and Mrs. Sikes.

Miss Janie Sloan entertained at bridge Friday evening in honor of Miss Margaret Sadler and Mr. A. B. Bryan. After the game delicious refreshments were served.

Miss Margaret Sadler was the honor guest Saturday afternoon when Mrs. W. B. Aull entertained at bridge. The house was bright with spring flowers. After the bridge game the hostess served tempting refreshments.

Dr. and Mrs. D. W. Daniel were hosts on Saturday evening, February twenty-third, at a progressive dinner party in compliment to Mr. and Mrs. Ralph Ramsour of Newry. Red roses and red carnations were effectively used in the decorations in the library, drawing room, hall, and dining room where tables were placed for dinner. A seven-course dinner was served to twenty-four guests.

The Senior dance given Friday evening was one of the most enjoyable dances of the season. The decorations were elaborate and artistic. The music was furnished by the Carolina Buccaneers.

Mrs. W. H. Washington and Mrs. Warner have issued invitations to a tea on Friday afternoon of this week.

The Presbyterian Auxiliary gave a most enjoyable party Monday afternoon in compliment to Miss Margaret Sadler at the house of Mrs. Sidney Crouch.

The Methodist Missionary Society held its regular monthly meeting at the Methodist church Monday afternoon. After the program and business session a most enjoyable social hour was held in compliment to the young women of the Methodist church.

The Episcopal Auxiliary met on Monday with Mrs. Roderick and the Baptist Society met with Mrs. Littlejohn.

Bishop Kirkman G. Finlay, formerly rector of the Episcopal church at Clemson, will conduct services in that church Friday evening of this week at 7:30 o'clock.

Dr. D. W. Daniel addressed the Farmer's Institute at Durham, N. C., Friday and the Merchant's Association at Raleigh, N. C., Friday evening of last week.

Professor B. H. Johnstone has been confined to his home for a week on account of illness.

Professor A. G. Holmes has been indisposed this week.

Miss Margaret Sadler has gone to Rock Hill for a stay of one week.

Miss Mary Bryan of Converse College visited her father, Mr. A. B. Bryan, recently.

PREACH MARCH 8 BISHOP FINLAY TO

The Lenten service at the Episcopal church for Friday, March 8, will be of unusual interest to Clemson people, for Bishop Findlay, so well known and loved by the campus people will preach. The Glee Club will sing the offertory. The hour of the service has been changed from 8:00 to 7:30. As always all visitors are cordially welcome. The remaining Lenten services will be as follows:

March 8—Bishop Findlay.
March 15—Rev. Geo. F. Rogers.
March 22—M. S. Taylor.
March 29—Union service.

CLUBS AND SOCIETIES

PALMETTO

The Palmetto Literary Society held its regular meeting last Thursday evening.

The society was called to order by the president, H. L. Shands, and lead in prayer by D. C. Hudgens, chaplain. The newly elected third term officers were then given the oath. The roll was called and the minutes read by secretary J. W. Patterson. J. F. Hawkins then gave a report on certain changes in the By-Laws and Constitution.

F. B. Pollard opened the program with an interesting impromptu on "The Southern Conference Basketball Tournament". O. H. McDaniel followed with some good jokes, then came the debate. The query was, "Resolved That Substitution Should be Adopted for Trial by Jury". G. H. Wise and C. P. Hogarth debated for the affirmative while the negative was upheld by J. F. Webb and F. E. Henson. After a spirited discussion, the judges decided in favor of the affirmative.

O. B. Johnson was voted in and given the oath of membership.

The program for the next meeting was read, which concluded the program.

Sign on Co-ed's slicker: As We Show, So Shall Ye Peep.

Generating Brain Power

BRAIN power, not horsepower, is the chief operating requirement of the electrical industry.

This requirement must be continuously anticipated to provide leaders for the future. Accordingly, each year, more than 400 picked college graduates come to the General Electric Company for a post-graduate course in electrical science.

With a faculty including inventors and engineers of international distinction, something more than electrical knowledge is imparted to these young men. Here they also find inspiration which prepares them for leadership in this electrical age.

You will see this monogram on the powerful motors of an electric locomotive and on the convenience outlet where you plug in a floor lamp—always and everywhere it is a safe guide to electrical quality and dependability.

SPORTS

BASEBALL STARTS SOON!

SPORTS

SPORTS

And N. C. State beat Clemson 31 to 28 but not before we had walloped that Golden Tornado of Ga. Tech 30 to 26. Maybe we didn't last so long in the Conference Tournament but we certainly howled while we were there—And How??

Josh and his boys did their best—and that was not quite good enough—N. C. State was superior—here's to the Wolfpack—we take off our hat and at the same time wish you the best o' luck in your remaining games. We would like to have won—but we didn't—so to our conquerors—God speed—and may athletics ever remain at the high plane of sportsmanship as has been evident in the past between us and all of our other athletic foes.

There is always a next year in everything—so to the Captain-elect, Bob Jones goes our best wishes—and say Bob just keep up what's started and there'll never be a worry about next year.

Our boxers didn't fare so well—Captain Torchia being the only man to place—taking off second honors in his class—but boxing is in its infancy yet and with such a likely bunch of Rats and Sophs for next year—we again say, next year, maybe?

And now we say good night to boxing and basketball—and move on to track and baseball—And????—Say I forget what this last sport is called but anyway any of the Juniors, Sophomores, or Rats can explain it to you—And from now till the end of the semester that will be the most popular sport at Clemson—the season is on—remember—just one a day—for further information see Gator Farr.

Rain! Rain! an' more Rain, let it pour—more rain! More rest—but we offer a remedy for that—install a Naval Reserve unit at Clemson—surely there would be no lack of water.

And thus I bring to a close another gas attack—take off the masks and breathe free air again till next week—be good—careful.

N. C. UNIVERSITY WINS BOXING TOURNAMENT

Cemson Fails to Send a Man to the Finals

At the Southern Conference boxing tournament held last Friday and Saturday at the University of Virginia, Clemson's fighting pugs failed to send a man through to the finals. The University of North Carolina Tar Heels by virtue of their array of first and second places clinched the meet for the second time in as many years. Florida was next with 13.5 points. The Tiger boxers placed seventh. Several knockouts furnished plenty pep for the 3,000 spectators.

The Tiger pugs survived the opening bouts to enter the quarter

finals. These were Buster Coln and Joe Hallman. Joe won his bout handily from Hart of Virginia by the judges' decision. Coln in the heavy weight division slaughtered his man, Millen of Virginia, ten seconds after the opening of the second round. Below is a summary of the Tiger fights.

Fishburne, Cavilier bantam, defeated Jack McCauley of Clemson via the decision route. Hallman had more luck and outpointed Hart of Virginia. Gassaway, Clemson welterweight, lost a very close decision to Millard, Duke. Captain Torchia drew a whirlwind from Sunny Orleans and lost after three rounds of the fastest fighting in the tournament. Meriwether, Tulane lightweight, won over Whitlock, Clemson, by a technical knockout one minute and fifty seconds after the start of the second round. Marsailles, Florida, defeated Odom, Clemson. This bout was decided by the towel route. Bus Coln knocked out Millen of Virginia with a right slam to the jaw.

In the semi-finals, Wolfe the Gamecock heavy won the judges' decision over Buster Coln. Hallman also lost his to Rusel of Georgia by the decision route.

Seven new champs fought their way up to the heights to be crowned kings of their respective weights.

They are—Martin, Duke, bantamweight; O'Connell, Florida, featherweight; Allen, North Carolina, lightweight; Hass, Tulane, middleweight; Pattie, Virginia Polytechnic institute, light heavyweight; and Wolfe South Carolina, heavyweight.

All championship bouts were won on three round decision.

CLEMSON BASKETEERS CLOSE STATE SEASON

Win Final Game From P. C. to Tune of 38-17

The Clemson five continued its winning streak at the expense of the Presbyterian Blue Stockings Tuesday night by defeating them 38 to 17. The game was all Clemson's from beginning to end, though P. C. showed several spurts of good basketball. The Blue Socks tallied first by sinking a free goal in the first minute of play. Their joy was short-lived, however, for the Tigers piled up ten points before the Clinton lads finally managed to shoot a field goal. The score stood 14 to 6 at the half.

In the second half Cody's boys snapped out of it an showed a much better brand of basketball than they had at first. They seemed to find the basket with greater ease, and there was marked improvement in the passing attack. P. C. sent in numerous subs during this half, but was unable to get a combination on the floor that could cope with the up-and-coming Tigers. The Jungeer high scorers of the fray were Ted Crain and Captain Odell. Hewitt entered the game in the second half and gave a mighty good account of himself.

This was the last game of the season for the Tiger quint, and brought the total of wins in the state to nine games. Winning nine games in the state and losing five is not such a bad record after all, especially when we consider the bum start Josh's boys got.

RATS SNAP OUT OF IT TO DEFEAT ERSKINE

Newboys Win Exciting Game From Seceder Frosh

Smoky Harper's proteges came out of a slump last Tuesday night, and wrenched a 35 to 25 victory from the Erskine new-boys. The contest was close throughout, and neither outfit seemed to have an edge until the last part of the game. It was in this part of the game that the Tiger squad forged ahead and made victory certain.

In the first half the lead shifted from one side to the other, and the score was tied a number of times. The Seceders seemed to have more luck with their shots in this half than Smoky's boys did. They made some beautiful shots without even looking at the basket. This was too good to last very long though, and when Caldwell and Smith settled down to steady work, the situation immediately began to change. Those two boys know where the old baskets are located and that's no joke. The Due West lads had Caldwell spotted, but this did not keep him from sinking shots at regular intervals.

Warning
Niece—I shall be in no hurry to marry.
Maiden Aunt—I am a result of that same sentiment.

They said if there's anything in a man, travel will bring it out.
You tell 'em I found that out on my first day at sea.
